Subject: Knit and Crochet Tutoring

Traverse City – In needle art or yarn crafting, both knitting and crocheting are methods of looping yarn together, just in different styles. Knitting uses two needles to form loops – the loops formed move from one needle to the other. Crocheting uses a single hook, hooking the loops together directly to the pattern piece. When you learn the foundation concepts for one, it can carry over to the other. Both knitting and crocheting require hand-eye coordination and a skill for color and design, as well as the ability to plan a project from start to finish.

Join Jan Perrault beginning Monday, September 18, 12:30 p.m., at the Traverse City Senior Center, 801 E. Front Street, as she leads participants through a project of their choice, either with needles or a crochet hook. Perrault is self taught – crocheting since she was nine and then took up knitting when she was in nurses training. She tutors participants through new techniques they are unfamiliar with and issues they may be having with a project. All levels of skill are welcome with beginner books available for purchase.

Each Monday session has a cost of \$5. Advance registration is required.

For more information and to register, email dmikowski@grandtraverse.org or call 231-922-4911.
